

Isotopes in Environmental and Health Studies
Volume 45 **Issue 4** **Year 2009**

Content	Pages
<p>Preface:</p> <p>Selected papers from the 2nd Joint European Stable Isotope Users Meeting (JESIUM) 31 August-5 September 2008, Presqu'icircle de Giens, France</p> <p>Franz-W. Badeck; Jaleh Ghashghaie; Christine Hatté; Christophe R. Quétel</p>	273 - 274
<p>Original Articles:</p> <p>Developments in bile acid kinetic measurements using ^{13}C and ^2H: 105 times improved sensitivity during the last 40 years</p> <p>Frans Stellaard; Gemma Brufau; Renze Boverhof; Elles Zwanet Jonkers; Theo Boer; Folkert Kuipers</p>	275 - 288
<p>Spatial and temporal characterisation of stable isotopes in river water as indicators of groundwater contribution and confirmation of modelling results; a study of the Weser river, Germany</p> <p>Paul Koeniger; Christian Leibundgut; Willibald Stichler</p>	289 - 302
<p>Development and airborne operation of a compact water isotope ratio infrared spectrometer</p> <p>Rosario Q. Iannone; Samir Kassi; Hans-Jürg Jost; Marc Chenevier; Daniele Romanini; Harro A. J. Meijer; Suresh Dhaniyala; Marcel Snels; Erik R. T. Kerstel</p>	303 - 320
<p>The influence of pyrite grain size on the final oxygen isotope difference between sulphate and water in aerobic pyrite oxidation experiments</p> <p>Claudia Heidel; Marion Tichomirowa; Manuela Junghans</p>	321 - 342
<p>Biotic and abiotic factors affecting the $\delta^{13}\text{C}$ of soil respired CO_2 in a Mediterranean oak woodland</p> <p>Kadmiel Maseyk; Lisa Wingate; Ulli Seibt; Jaleh Ghashghaie; Camille Bathellier; Pedro Almeida; Raquel Lobo de Vale; Joao S. Pereira; Dan Yakir; Maurizio Mencuccini</p>	343 - 359
<p>Miscellany:</p> <p>Conference Report</p> <p>Peter Krumbiegel</p>	360 - 361
Erratum	362
