

Content	Pages:
Preface Authors: Bogdan P. Onac; Tudor Tabrevemascedil	127 - 128
Original Articles	
About isotope equilibrium between liquid and vapour phases Author: Stanislaw Halas	129 - 135
Distribution of stable isotopes in surface water along the Danube River in Serbia Authors: Nada Miljevicacute; Dusan Golobocaronanin; Nives Ogrinc; Ana Bondzcaronicacute	137 - 148
Stable isotope study of precipitation and cave drip water in Florida (USA): implications for speleothem-based paleoclimate studies Authors: Bogdan P. Onac; Kali Pace-Graczyk; Viorel Atudirei	149 - 161
Diurnal variations in the photosynthesis-respiration activity of a cyanobacterial bloom in a freshwater dam reservoir: an isotopic study Authors: Adriana Trojanowska; Dominika Lewicka-Szczebak; Mariusz-Orion Jeogondrysek; Marta Kurasiewicz; Leonard I. Wassenaar; Katarzyna Izydorczyk	163 - 175
Isotopic composition of sulphates from meteoric precipitation as an indicator of pollutant origin in Wroclstrokaw (SW Poland) Authors: Maciej Goacuterka; Mariusz-Orion Jecedildrysek; Dariusz Straogonpocacute	177 - 188
Direct evidence for the existence of dairying farms in prehistoric Central Europe (4th millennium BC) Authors: Jorge E. Spangenberg; Irenaus Matuschik; Stephanie Jacomet; Joerg Schibler	189 - 200
Note on the spring region of Gacka River (Croatia) Authors: Magda Mandicacute; Diana Bojicacute; Zvezdana Roller-Lutz; Hans O. Lutz; Ines Krajcar Bronicacute	201 - 208
Further Papers	
Effects of N-application on utilization of $^{15}\text{N}$ and $^{13}\text{C}$ and quality in two wheat cultivars Authors: Klaus-Peter Goumltz; Helmut Herzog; Osman Erekul	209 - 217
Effect of alcohol consumption on the liver detoxication capacity as measured by $^{13}\text{C}$ methacetin- and [methyl- $^{13}\text{C}$ ]methionine-breath tests Authors: Klaus D. Wutzke; Anke Forberger; Marianne Wigger	219 - 226
Technical Report	
Determination of $\delta^2\text{H}$ and $\delta^{18}\text{O}$ in saline oil-associated waters: the question of simple vacuum distillation of water samples prior to isotopic analyses Authors: Adam Porowski; Peter Kowski	227 - 238
