Stable isotopic and geochemical variability within shallow groundwater beneath a hardwood hammock and surface water in an adjoining slough (Everglades National Park, Florida, USA)	190 - 209
<ul style="list-style-type: none"> • Lee J. Florea • Dorien K. McGee 	
¹⁵ N natural abundance of non-fixing woody species in the Brazilian dry forest (caatinga)	210 - 218
<ul style="list-style-type: none"> • Ana Dolores Santiago de Freitas • Everardo Valadares de Sá Barretto Sampaio • Rômulo Simões Cezar Menezes • Holm Tiessen 	
Stable sulphur isotope ratios in the moss species <i>Hylocomium splendens</i> (Hedw.) B.S.G. and <i>Pleurozium schreberi</i> (Brid.) Mitt. from the Kielce area (south-central Poland)	219 - 224
<ul style="list-style-type: none"> • Zdzisław M. Migaszewski • Sabina Dołęgowska • Stanisław Hałas • Andrzej Trembaczowski 	
The kinetic and solvent deuterium isotope effects in the 4- and 5-positions of the indole ring on the enzymatic decomposition of L-tryptophan	225 - 232
<ul style="list-style-type: none"> • Elzbieta Winnicka • Pawel Dabrowski • Tomasz Winek • Marianna Kanska 	
Mass dependence of calcium isotope fractionations in crown-ether resin chromatography	233 - 241
<ul style="list-style-type: none"> • Yasuhiko Fujii • Masao Nomura • Tositaka Kaneshiki • Yoichi Sakuma • Tatsuya Suzuki • Saori Umehara • Tadahumi Kishimoto
